

Instructions to find Dr Lee's Objective file:

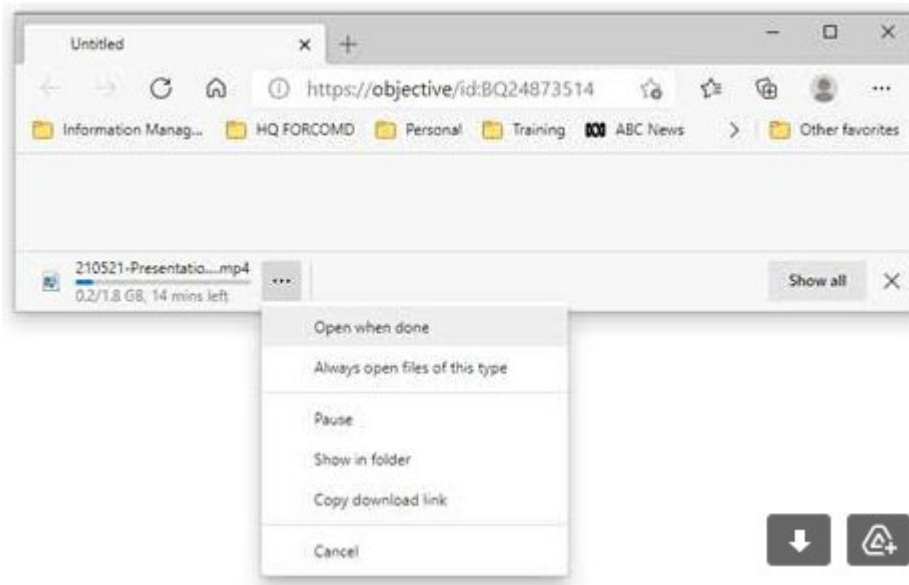

There are two ways to access the Dr Lee video in objective (Obj Ref **BQ24873514**):

1 – via Microsoft Edge (recommended preferred option)

Open Microsoft Edge

Type in the address <https://objective/id:BQ24873514>

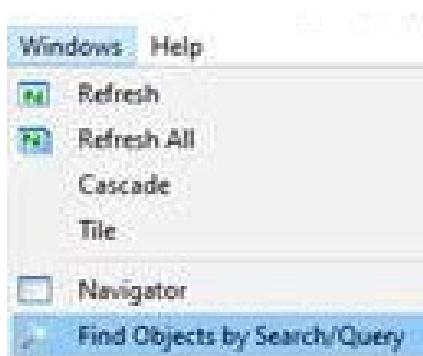

It will start to download into the bottom left hand corner. Click on the three dots and select 'open when done'.

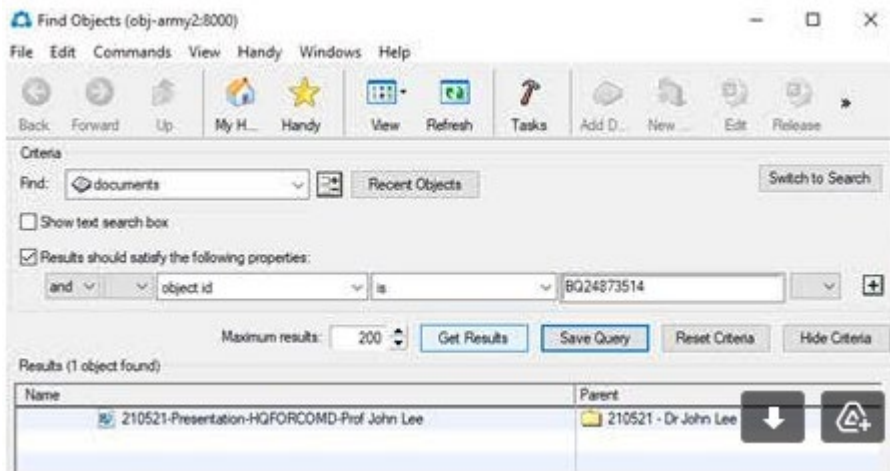

2 – via Objective

Open Objective

Either select 'Ctrl+F' or open the Windows menu and select 'Find Objects by Search/Query'

Search for document **id BQ24873514**.

Double click to open.

Please note that it takes quite a bit of time to download. It is recommended that the internet as the preferred option as you may receive the 'not responding' message for Objective and have to force quit and log back in.
